The Street Survival Seminar is the most dynamic, intense & visually stimulating training experience available.

Dedicated to teaching the strategies and skills you need to STAY SAFE and achieve peak performance, *Street Survival* training uses real-life video footage, survivor stories, and the most current research in an exciting, fast-paced environment.

This 2-day event, led by top trainers, will forever change the way you do your job and could ultimately save your life. By attending the 2007 *Street Survival Seminar* you will:

- **Develop the values, inner strength & winning mindset of a true warrior.**
- **Learn emotional survival skills for your career AND your life.**
- **Train your mind through crisis rehearsal & mental prep.**
- **Prepare yourself and your family, mentally and physically, for an off-duty encounter.**
- **Examine lethal and less-than-lethal force options and their aftermath.**
- **Manage the stress of working within a bureaucracy & on the beat.**
- **Learn to hunt terrorists in your own back yard.**
- **Inoculate yourself against the affects of "routine" on your performance.**
